MEMORANDUM FOR Secretary of the Army
(ATTN: Deputy Chief of Staff, G-1)
Secretary of the Navy,
(ATTN: Commander, Naval Supply Systems Command)
Secretary of the Air Force
(ATTN: Director, Office of Warfighting Integration and
Chief Information Officer)
Commandant of the Marine Corps,
(ATTN: Director, Personnel and Family Readiness)

SUBJECT: Military Postal Service Agency's Strategic Postal Voting Action Plan

The 2012 Strategic Postal Voting Action Plan employs the requirements for movement, handling and processing of absentee ballots for overseas voters. In accordance with the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) and the Military Overseas Voter Empowerment (MOVE) Act, the Military Postal Service is preparing to provide expedited processing, shipment, and tracking of absentee ballots from overseas Military Post Offices to the state election offices. The attachment provides procedures for the Military Services to publish implementing guidance on processing balloting material in accordance with Military Postal Service Agency 2012 Strategic Postal Voting Action Plan.

The point of contact for this memorandum is Ms. Verdara May, Postal Voting Program Manager at (703) 545-5463, DSN 865-5463, or verdara.may@us.army.mil.

MPSA Strategic Vision

***Provide best value postal services to authorized DoD patrons, in peace and war...
Around the clock, around the world.***

The Military Postal Service Agency (MPSA) is an extension of the United States Postal Service (USPS) and the single Department of Defense (DoD) agency responsible for military mail. MPSA functionally manages the efficient and economical transportation, processing and distribution of Official and Personal Mail throughout DoD by providing responsive, technical support and guidance on policy and procedures through direct liaison with the Services and other government agencies (OGA).

MPSA Strategic Goal

Provide expedited processing, movement, and tracking of absentee ballots while maintaining the integrity and security of ballot movement through the Military Postal Service (MPS). The MPS will be a responsive service provider focused on efficiency and effectiveness.

The 2012 Strategic Postal Voting Action Plan reflects the continuous evolution of MPSA's 2010 Strategic Voting Support Plan. Legislation has impacted procedures for handling absentee ballots and other voting materials. MPSA provides oversight and guidance for training, accountability, safeguarding, and expeditious delivery of balloting materials to and from Military Post Offices (MPO). All U.S. citizens, with or without MPO privileges, are authorized to mail balloting material from any MPO.

2012 Voting Strategic Vision

Enhancing MPSA's efforts with USPS and the Federal Voting Assistance Program (FVAP) in support of the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) and Military and Overseas Voter Empowerment Act (MOVE) Acts.

Our strategy is to continuously improve postal processes to fully support our patrons' right to vote. The right to vote is one of our most important rights as U.S. Citizens. The customers we serve are making sacrifices to preserve this right; processing of absentee ballots must be given special attention. Through the continuing diligence of our military and civilian postal workforce, communication and collaboration with USPS, and FVAP, we will ensure compliance with regulatory guidelines and continue to move towards a more effective mail service in support of the 2012 elections.

References

1. 39 USC 3406(b) – Balloting materials under the Uniformed and Overseas Citizens Absentee Voting Act.

a) Balloting materials under the Uniformed and Overseas Citizens Absentee Voting Act (individually or in bulk)

(1) shall be carried expeditiously and free of postage; and

(2) may be mailed at a post office established outside the United States under section 406 of this title, unless such mailing is prohibited by treaty or other international agreement of the United States

b) As used in this section, the term balloting materials has the meaning given that term in section 107 of the Uniformed and Overseas Citizens Absentee Voting Act.

2. Public Law 111-84 – The Military and Overseas Voter Empowerment Act (MOVE) is Subtitle H of the National Defense Authorization Act for Fiscal Year 2010. The overall purpose is to help military serving overseas and citizens who live abroad vote in U.S. elections. Section 580 provides procedures for collecting and delivery of marked absentee ballots of absent overseas uniformed Services voters. Most provisions apply to the November 2010 elections.

3. Public Law 99-410 - The Uniformed and Overseas Citizens Absentee Voting Act is commonly referred to as *UOCAVA*. *UOCAVA* citizens are U.S. citizens who are active members of the Uniformed Services, the Merchant Marine, the Commissioned Corps of the Public Health Services, the National Oceanic and Atmospheric Administration, their family members, and U.S. citizens residing outside the United States. This Act provides the legal basis for absentee voting requirements for these citizens. It was amended in 2002 by the Help America Vote Act, the National Defense Authorization Act for Fiscal Year 2002, and the Defense Authorization Act for Fiscal Year 2005.

4. Public Law 107-107 – The National Defense Authorization Act for Fiscal Year 2002, title XVI Uniformed Services Voting amends the *UOCAVA* reinforcing and clarifying requirements of the *UOCAVA* regarding the importance of voting, Voting Assistance Programs, guarantee of residency for military personnel, simplification of voter registration, and absentee ballot application procedures for absent uniformed and overseas voters and rules regarding the use of Department of Defense facilities as polling places.

References (Continued)

5. DoD Directive 1000.04 – The Federal Voting Assistance Program provides direction to DoD components and other Federal agencies under the UOCAVA.

6. DoD 4525.6M – Department of Defense Postal Manual, subparagraphs C3.1.3.5, C3.2.3.5, C3.4.6.9, C3.5, and paragraph C10.4.9 provides guidance regarding the processing of balloting materials. Absentee balloting material shall be afforded the most expeditious handling and transmission possible and processed as personally addressed official mail. Ballots and others voting material, in card or letter form shall be postmarked. Absentee ballots must be legibly postmarked and be processed in a timely manner. Any U.S. citizen with or without MPO privileges can mail balloting material from any MPO, U.S. Embassy or Consulate per 39 U.S.C. 3406(reference (b)).

Objectives

The 2012 Postal Voting Action Plan establishes seven objectives for the Department of Defense Military Postal Services' support to absentee voting. These objectives achieve compliance with voting law and initiatives for the 2012 election year.

Strategic Postal Objectives

- OBJ 1: Ensure the Military Postal Service is compliant with voting laws and directives
- OBJ 2: Synchronize implementing guidance of the Military Services
- OBJ 3: Reduce "undeliverable as addressed" absentee ballots at overseas Military Post Offices (MPO)
- OBJ 4: Initiate postal voting communication plans
- OBJ 5: Provide revised training to postal personnel
- OBJ 6: Ensure distribution of voting supplies, materials, cancelling devices, and scanning equipment
- OBJ 7: Encourage Inspector General (IG) and local voting inspections of postal activities

Objective 1: Ensure the Military Postal Service is compliant with voting laws and directives

Discussion: The Military Postal Service Agency (MPSA) will disseminate policy, guidance, and clarification to ensure military postal activities comply with the references. Military Services will publish implementing guidance on procedures for processing balloting material in accordance with MPSA's 2012 Strategic Voting Action Plan and the references. MPSA, the Joint Military Postal Activities (JMPAs), and military postal activities will assess compliance through various reporting mechanisms in the Automated Military Postal System (AMPS) while conducting aggressive quality assurance/control measures daily.

The Express Mail Service (EMS) Label 11-DoD was approved for usage in the 2012 Primary and General (Presidential) elections. The EMS Label 11-DoD shall be applied to all voted ballots cast from overseas MPOs for the 2012 Primary and General elections by Uniformed Services personnel, voting age dependents and civilians stationed overseas per reference 2. Envelopes must be addressed to an election office in the United States.

Military Postal Service Agency 2012 Strategic Postal Voting Action Plan

Overseas Military Postal Activities will not begin using EMS Label 11-DoD until notification is received from MPSA. Use of EMS Label 11-DoD prior to notification from MPSA will result in postage costs to be billed to the appropriate Service.

In accordance with reference 2, the deadline for ballots to be collected and postmarked at overseas military postal activities is noon (local time) on the seventh day preceding the date of the regular scheduled general election for federal office. Overseas Military Postal Activities with intermittent transportation networks or other limiting factors may establish alternative mailing deadlines to ensure absentee ballots reach election offices by the election date.

Standards:

- MPSA shall:
 - Publish MPSA's 2012 Strategic Postal Voting Action Plan
 - Hold teleconference with Service Representatives, JMPAs and Postal Voting Representatives to address questions and concerns
 - Revise postal voting training in AMPS
- Service Representatives shall:
 - Ensure absentee ballot mailing deadlines for the General (Presidential) Election are included in the Military Service implementing guidance (Objective 2) for each overseas MPO. Suspense is December 19, 2011
 - Ensure alternative deadlines are established for afloat Navy ships, remote forward operating bases, and locations with limited transportation networks to ensure absentee ballots reach election offices by the election date

Objective 2: Synchronize implementing guidance of the Military Services

Discussion: Military Services will publish implementing guidance that supports MPSA's 2012 Strategic Postal Voting Action Plan. Military Services implementing guidance will address their approach to meeting the seven objectives listed in MPSA's plan.

Standards:

- Service Representatives shall:
 - Publish implementing guidance to support MPSA's Strategic Postal Action Plan NLT December 19, 2011
 - Ensure Service implementing guidance include procedures unique to missions and overseas locations. Examples of this are ship to shore movement of absentee ballots, distribution and collection of absentee ballots to and from remote locations with limited logistical support, and weather conditions
 - List mailing deadlines for collection and dispatch of absentee ballots from overseas MPOs

Military Postal Service Agency 2012 Strategic Postal Voting Action Plan

- Ensure MPOs appoint a minimum of two Postal Voting Representatives (PVR) at each postal activity and establish deadlines to complete postal voting training. PVRs must be appointed in the AMPS Voting Module NLT December 19, 2011
- Ensure MPOs inventory the following supplies and equipment in AMPS NLT December 30, 2011: Express Mail Label 11-DoD, cancelling devices, scanning equipment, Tag 191, Express Mail bags. Subsequent inventories shall be conducted on a weekly basis at a minimum

Objective 3: Reduce “undeliverable as addressed” absentee ballots at overseas MPOs

Discussion: United States Postal Service's (USPS) National Change of Address (NCOA) and Postal Automated Redirection System (PARS) provides automated redirection of mail (to include absentee ballots) at the first U.S. mail processing facility. Currently, these USPS automated systems do not support overseas military addresses. As a result, absentee ballots travel to overseas post offices to be manually redirected back to the U.S. or other overseas military locations. This increases delivery time of the absentee ballot significantly, while contributing to high volumes of “undeliverable as addressed” absentee ballots at overseas MPOs.

MPSA works closely with USPS to include overseas military addresses into NCOA and PARS. Extensive coordination was made in 2011 to apply automated capabilities to overseas military addresses however, systems have yet to begin processing military mail. MPSA and USPS are awaiting Rough Order of Magnitude (ROM) estimates from contractors managing PARS.

Standards:

- MPSA shall:
 - Continue coordinating with USPS to add overseas military addresses in NCOA and the use of PARS for automated redirection of absentee ballots
- Service Representatives shall:
 - Continue to standardize military addresses IAW USPS Pub 28, Postal Addressing Standards
 - Ensure absentee ballots receive expedited redirection IAW Ref. 6

Objective 4: Initiate postal voting communication plans

Discussion: Communication is the key to a successful election season. It is MPSA's goal to initiate an aggressive media campaign to educate overseas MPO patrons on the importance of mailing their absentee ballots in a timely manner. Synchronizing voting campaign efforts with Federal Voting Assistance Program (FVAP) and Service Voting Assistance Officers will prevent duplicated efforts. MPO communication to our patrons

Military Postal Service Agency 2012 Strategic Postal Voting Action Plan

regarding the projected transit times from austere locations and ships afloat to CONUS will ensure absentee ballots reach election offices in sufficient time.

Standards:

- MPSA shall:
 - Conduct telephone conferences with Joint Military Postal Activities (JMPA), Service Component Commands, MPOs, Mail Address Only (MAO), and Diplomatic Post Offices (DPO) throughout the 2012 voting season.
 - Publish media releases, defense messages, articles, and voting awareness posters
 - Utilize DoD Public Affairs Office and the Armed Forces Radio and Television Services to promote MPOs absentee ballot mailing deadlines for overseas voters
 - Post voting information, updates, and reminders on AMPS home page
- Service Representatives shall:
 - Develop partnership with Service Voting Assistance Officers to communicate postal requirements in support of their command voting programs
 - Ensure broad use of media during:
 - Armed Forces Voters Week and Overseas Citizens Voters Week, June 28 – July 7, 2012
 - Absentee Voting Week, September 27-October 4, 2012
 - Recommended Mailing Dates by location
 - Incorporate procedures for collecting absentee ballots for U.S. citizens abroad that are not authorized MPO use or access to military installations

Objective 5: Provide postal voting training to all postal personnel

Discussion: The revised online postal voting training module will launch in AMPS. All postal voting representatives (PVR) must certify / recertify within AMPS on voting. All military postal activities will designate and assign a minimum of (2) or more PVRs for the processing of ballots within each of their MPO/MAO locations. Military postal activities will include guidance and listings of MPO/MAO responsibilities within their Military Service implementing guidance. Military postal activities should consider long-term status when designating PVRs to ensure a subject matter expert is present throughout the voting year. Military postal activities will provide updated reporting sites to MPSA voting point of contact as changes occur.

Standards:

- MPSA shall:
 - Publish revised online postal voting training and certification in AMPS NLT December 12, 2011

Military Postal Service Agency 2012 Strategic Postal Voting Action Plan

- Provide monthly refresher training via Defense Connect Online (DCO) starting in July 2012
- Service Representatives shall:
 - Ensure each MPO/MAO location designate and assign two (2) or more PVRs
 - Enforce 100% completion of voting training in AMPS for designated PVRs NLT December 30, 2011
 - Review reporting sites in AMPS and ensure training is in compliance with MPSA's reporting requirements
 - Incorporate and validate training for processing and handling absentee ballots and voting materials provided to unit mail clerk and mail orderlies as part of Military Service implement guidance

Objective 6: Ensure distribution of voting supplies, materials, cancelling devices, and scanning equipment

Discussion: In accordance with reference 2, 5 and 6, all voted absentee ballots must be legibly postmarked and processed in a timely manner. In order to achieve this requirement, all MPOs/MAOs must validate serviceable cancelling devices are on hand, or request a new one. A new inventory module in AMPS will require postal activities to inventory and enter all on-hand voting supplies and equipment to include DoD Express Mail Label 11, Express Mail Bags, TAG 191 and scanning equipment (i.e. scanner, IRT, or Ballot Scanning System). JMPAs will distribute voting supplies, equipment. Postal Activities shall treat Express Mail Label 11-DoD as a controlled item. The premature use or misuse of each Express Mail Label 11-DoD inherits a cost the Service will pay. Express Mail Label 11-DoD was approved for the Primary and General elections. Place them on absentee ballots of Uniformed Services personnel, their voting age dependents and civilians stationed overseas (Appendix A).

Postal Activities will contact Installation Voting Action Officers to ensure the following voting supplies are available to customers in MPO lobbies: Federal Write-In Absentee Ballots (FWAB), Federal Post Card Application (FPCA), and Voting Guides.

Standards:

- MPSA shall:
 - Launch voting inventory module in AMPS NLT November 10, 2011
- JMPAs shall:
 - Distribute voting materials and Express Mail Label 11-DoD to all postal activities
 - Maintain accountability of Express Mail Label 11-DoD and push of absentee ballot materials
 - Publish distribution plan to MPSA and military postal activities
 - Provide update on volumes of ballot material arriving at USPS Gateways

Military Postal Service Agency 2012 Strategic Postal Voting Action Plan

- Service Representatives shall:
 - Ensure postal activities conduct 100% inventory status on voting material and equipment in AMPS NLT December 30, 2011
 - Ensure postal activities have serviceable cancelling devices on-hand
 - Coordinate with Installation Voting Assistance Officer for additional voting guides, FPCAs and FWAB's
 - Monitor voting supplies on-hand in AMPS to ensure locations re-order in a timely manner

Objective 7: Encourage Inspector General (IG) and local voting inspections of postal activities

Discussion: Service Inspector General's (IG) are required to conduct annual inspections of their Voting Assistance Programs. Inspectors General may inspect postal activities as part of their annual inspection to ensure compliance with the listed references. Military postal activities must ensure procedures are in place to support all local Inspector General Inspections. Service Representatives must ensure all Component Commands postal activities are conducting and documenting inspections IAW reference 6. Postal inspections must include assessment of procedures for handling balloting materials, inventory, directory service and scanning requirements and accountability of Express Mail Label 11-DoD.

Standards:

- MPSA shall:
 - Liason with DoD Inspector General
 - Support IG voting inspection
- Service Representatives shall:
 - Request Service IG Support to ensure each MPO is compliant to regulatory guidance for proper handling of absentee ballot materials within the MPS and unit mail clerks and orderlies procedures to customer
 - Ensure Service IG is aware of requirement to audit, inspect and provide assistance to MPS under their jurisdiction per DoD 4525.6-M, C1.1.6.3.3
 - Ensure deficiencies are documented and corrected prior to subsequent inspections
 - Service Postal Voting Action Plan will include an internal voting inspection requirement and frequency to ensure adequate supplies are on hand and the proper procedures for handling absentee ballots enforced
